Testimonials:
Aaron/Kent State University
I feel that I was exposed to a vibrant and exciting place in a way that most people, unfortunately, do not get to experience in their life. I think that this is an experience which will resonate throughout the rest of my life and I feel that the connections developed between people will last for quite some time to come.

How exciting this was! Much more that I thought we could pack into two weeks! One of the best parts of my two weeks was staying with a Taiwanese family.
